

What's It All About

Andy Mineo

You know, when I look around at everything it just
Blows my mind to think, "where'd this all come from?"
So I got some questions, like yo...

What's it all about? Why are we here?
If there's no reason, why do I care?
A lot of people put they thoughts in my ear
But I gotta know for myself,
So yo God, are you really there?
What's it all about? Why are we here?
If there's no reason, why do I care?
A lot of people put they thoughts in my ear
But I gotta know for myself,
So yo God, are you really there?

Man I'mma seek the truth til my brain hurt,
I'm just another soul
My life's like a sand grain in the dirt,
If we was made for a greater role
Than just living to die
What's the answer? I gots to know why
I don't want just another nice job and a ride
'Cause plenty people got that and wind up committin suicide
So I really don't care bout the physical
'Cause I know some know some millionaires that's miserable
My search goes deeper now, I'm asking more people
Like "whats the meaning of life for us creatures?"
The response I keep hearing back, "Love, Live, Laugh"
Man I already found that on a t-shirt
Some people wanna get tweaked, like philosophy class
They smoke riefer, drop acid, pop liberty caps, but thats misery
Within itself, no up or down, right or left, so I guess you're left living r
ight
Man that's crazy, I'm searching for an absolute,
No vodka, I just wanna grasp the truth 'cause if I don't then,
Yo what a waste I might as well dig a hole in my grave
They keep telling me...

What's it all about? Why are we here?
If there's no reason, why do I care?
A lot of people put they thoughts in my ear
But I gotta know for myself,
So yo God, are you really there?
What's it all about? Why are we here?
If there's no reason, why do I care?
A lot of people put they thoughts in my ear
But I gotta know for myself,
So yo God, are you really there?

Yo God, are you really there?
Yo God, are you really there?
