

# You Can't Stop Me

Andy Mineo

You can't stop me

Huh, can't stop won't stop, where the brakes at?  
I give 'em that diddy bop, like take that, take that, take that, take that  
I'm a put in work, I'm a do that ASAP  
Throw my faith in rap, but they say don't say that huh?  
What I'm a turn down for, I feel like Shaq in nine four  
Breaking glass in that backboard, or like Kobe in Toronto, huh?  
Dropping 81, Yo I drop the 88, Ricky Bobby, shake and bake  
Sleeping on us should have stayed awake, huh?  
Everybody make mistakes like VJs trying to say my name  
It's Mineo, say it with me, Mineo - Okay great  
Two forks high, raise the stakes, risk it all, I take the hate  
It's the winning team, get the Gatorade  
My God good, but he's not safe, nah

They try to shut us down, and it ain't gon' slide  
Only thing I fear is God and he on my side  
That's the confidence of God, cause he got me  
That's why I really feel like

You can't stop me  
That's all you got? Come on with it  
That's all you got?  
You can't stop me

(You) don't got the power, (can't) shut me down  
(Stop), that's not an option, (me) I'm my biggest problem  
(You) don't got the power, (can't) shut me down  
(Stop), that's not an option  
You can't stop me

You're my biggest opponent, you know me I know you we know it  
Whenever I fail, you've always been there to simply remind me I've blown it  
You don't see when I'm growing, you don't see where I'm going  
You only see in the moment, you know my mistakes you never let go it  
Huh, don't cease to amaze me, and it drive me crazy, huh  
That you catch every detail that I miss in the songs I'm making, saying  
You will never write a verse like Kendrick  
Never be the rap or rock God from Hendrix  
Top 10 alive you will never be mentioned  
Why aim so high, won't survive the trenches  
Plus, you a Christian Andy, they will never listen Andy  
Plus, where your pigment Andy, huh, you ain't got skill you a gimmick Andy  
Well, if I listen to you, and everything you put in my ear  
I'll be living like woulda, shoulda, coulda, I'll be paralyzed by fear  
Huh, ain't that the truth, if I quit the only way I lose  
I got two choices when I do this - make moves or make excuses  
Huh, if you know who I'm talking about, then you got me  
My biggest enemy is me - and even I can't stop me

I said if I cannot stop me then you'll never stop me  
Oh no, can't stop, oh no, won't stop
