## **Can't Help Falling in Love**

## **Andy Williams**

Wise men say, only fools rush in, But I cant help falling in love with you. Shall I stay, would it be a sin? If I cant help falling in love with you.

Like a river flows, slowly to the sea, Darling so it goes, Some things are meant to be.

Take my hand, take my whole life too. For I cant help falling in love with you.

(Like a river flows, slowly to the sea, Darling so it goes,)

Some things are meant to be. Take my hand, take my whole life too. For I cant help falling in love with you,

For I cant help falling in love with you.
