

Happy Heart

Andy Williams

There's a certain sound always follows me around
When you're close to me you will hear it
It's the sound that lovers hear when they discover
There could be no other for their love

It's my happy heart you hear
Singing loud and singing clear
And it's all because you're near me, my love
Take my happy heart away
Let me love you night and day
In your arms I wanna stay, oh my love

Feeling more and more like I've never felt before
You have changed my life so completely
Music fills my soul now, I've lost all control now
I'm not half, I'm whole now with your love

It's my happy heart you hear
Singing loud and singing clear
And it's all because you're near me, my love
Take my happy heart away
Let me love you night and day
In your arms I wanna stay, oh my love

La la la la la la la
La la la la la la la
La la la la la la la
La la la
