

Since I've Found My Baby

Andy Williams

Since I've found my baby, the skies are blue for me
'cause I know my baby has been so true for me.
Now since she's back, my mind is trouble free.

Gonna keep my baby from ever going astray.
Gonna love my baby a brand new lovin' way.
I'll entertain her every night and day.

Let me tell my baby the way I missed her so.
Gotta please my baby, so she won't ever go.
Without her love my world will end, I know.
