

# To Let Myself Go

Ane Brun

To let myself go  
To let myself flow  
Is the only way of being

There's no use telling me  
There's no use taking a step back  
A step back for me

To let myself go  
To let myself flow  
Is the only way of being

There's no use telling me  
There's no use taking a step back  
A step back for me

To let myself go  
To let myself flow  
Is the only way of being

There's no use telling me  
There's no use taking a step back  
A step back for me
