

Here I'm searching for a lifetime
Someone throw me out a lifeline please,
give me peace.

Here I'm looking for an answer
stop me spinning like a dancer
please I need peace.

Ahriman stop before you lead me astray.
Here I stand looking for someone to believe.
I demand only that I live to be free
Won't let you hurt me
But don't desert me.

Once more suddenly you tempt me
and there's nothing to defend me
now lead me down.
Now I realize the danger
your no longer just a stranger
who leads me to:

Ahriman stop before you lead me astray.
Here I stand looking for someone to believe.
I demand only that I live to be free
Won't let you hurt me
But don't desert me.

(Ahriman, Ahriman don't you hurt me)
(Ahriman, Ahriman don't desert me)

Ahriman stop before you lead me astray.
Here I stand looking for someone to believe.
I demand only that I live to be free
Won't let you hurt me
But don't desert me.
