

## Ahriman

Aneka

Here I'm searching for a lifetime  
Someone throw me out a lifeline please,  
give me peace.

Here I'm looking for an answer  
stop me spinning like a dancer  
please I need peace.

Ahriman stop before you lead me astray.  
Here I stand looking for someone to believe.  
I demand only that I live to be free  
Won't let you hurt me  
But don't desert me.

Once more suddenly you tempt me  
and there's nothing to defend me  
now lead me down.  
Now I realize the danger  
your no longer just a stranger  
who leads me to:

Ahriman stop before you lead me astray.  
Here I stand looking for someone to believe.  
I demand only that I live to be free  
Won't let you hurt me  
But don't desert me.

(Ahriman, Ahriman don't you hurt me)  
(Ahriman, Ahriman don't desert me)

Ahriman stop before you lead me astray.  
Here I stand looking for someone to believe.  
I demand only that I live to be free  
Won't let you hurt me  
But don't desert me.
