

Ooh Shooby Doo Doo Lang

Aneka

My name is Sue and I'm a singer
I'm working nearly all the time - on the radio
And all the big rock shows and almost ev'ry record you can buy.
I know my name don't get a mention
That's 'cos someone else is singing you the song
But it's me that gets the part that goes right to your heart
Yes
I'm the one that keeps it rolling on.
When I go - ooh shooby doo doo lang

Ooh shooby doo doo lang - ooh shooby doo doo lang

That's all I ever do - oh
oh
oh
oh
oh.
I joined a band from New York City
And at that time I'd never sang before

Didn't have much style
couldn't even smile
When I shooby doo'd they hit the floor.
Some cats say they like to hear the bassman
Others like it sweet and so refined

When you hear my song
you'll want to sing along
Soon you just won't get it off your mind.

When I go - ooh shooby doo doo lang

I've even worked with Stevie Wonder (Happy birthday)
Paul McCartney calls me all the time (Yeah
yeah
yeah
yeah
And I'm sure you must remember
And the time when I sang
Ooh shooby doo doo lang

Ooh shooby doo doo lang
ooh shooby doo doo lang

That's all I ever do - oh
oh
oh
oh
oh.
Ooh shooby doo doo lang
.
