

# Lies

Anette Olzon

Thousand lights passing by  
Stories floating around  
Silence is long gone by now  
All the wishes we had  
Dreams that we shared  
I remember that time

Closing down open doors  
Making fences grow strong  
Burning the plans that I've grown  
Deep inside from the time  
When love was our light

Now is goodbye

All of the lies  
Just passing us by  
I'm holding to keep it inside  
Why?  
No wrong can be right  
All the wonders are gone  
No more flowers will fall tonight  
All of the lies  
Just passing us by

Threads of life going by  
Precious moments run by  
Tossing and turning our minds  
All the magic is gone  
No more feelings of hope

Will we ever forgive?  
Will the wound start to heal?  
I'm tired of pushing the day  
Putting down all behind  
Moving away

All of the lies  
Just passing us by  
I'm holding to keep it inside  
Why?  
No wrong can be right  
All the wonders are gone  
No more flowers will fall tonight  
All that is gone  
Just passing us by

Lies  
Just passing us by  
I'm holding to keep it inside  
Why?  
No wrong can be right  
All the wonders are gone  
No more flowers will fall tonight  
All that is gone  
Just passing us by
