

## Blessing and a Curse

Angaleena Presley

you finally find someone and you lose yourself  
ain't it somethin' when a heart finds a home  
it's so real and so right, then it's wrong  
then you gotta fight to get along

you gotta work so hard to make it look easy  
you thank God for the moments in between  
'cause if it ain't gettin' better it's gettin' worse  
somewhere between a blessing and a curse

you finally get somewhere good, then it ain't good enough  
ain't it funny how the road leads you on  
you drive and you drive and you look back  
then you only want what you had

(2x):

you gotta work so hard to make it look easy  
you thank God for the moments in between  
'cause if it ain't gettin' better it's gettin' worse  
somewhere between a blessing and a curse
