

Please stay

Don't you turn away  
Don't you turn your back to me  
There's nothin' more to say  
You've told me that so clearly

Can't seem to change your mind  
And I wish you'd see what's right  
When there's nowhere left to hide

CHORUS:

Please stay  
Don't you walk away  
Don't give it up again  
I just can't face it all alone  
Now stay  
There's nothin' left to say  
I need you back again  
I just can't seem to let you go

I've tried to make it right  
But I know that you can't hear me  
Is there somewhere I could find  
Another way to bring you near me

Can't seem to change your mind  
And I wish you'd see what's right  
When there's nowhere left to hide

CHORUS

I thought that we could make it  
And I thought the dream would change you  
Every day sees nothin' left here for me  
But again I'll wish you closer  
I can't believe our time is over  
Reach into your heart I'm still there holding on

Can't seem to change your mind  
And I wish you'd see what's right  
When there's nowhere left to hide
