

# Antichrist Vanguard

## Angel Corpse

Antichrist!

Hail Blasphemy Geared for battle  
This call to arms, wrath and war  
Victory or death is on the march  
Antichrist allegiance the only law

Assail the gates of hypocrisy  
Wield the weapons of Antichrist  
Destroy ideologies of excrement  
Antichrist Vanguard

Heretic pact attack of steel  
Eradication of false culture  
Liquidation of the slave creed  
Annihilation vae victis

Like a sun drenched black with angel's blood  
My hate burns fierce and proud  
My heart and kind seek retribution  
And the sight of human vermin crucified

Antichrist!

King of slaves  
Plains of the impaled  
Blood stained temples  
Horizons ablaze  
Ensanguined blades of execration  
Blackened fields of decimation

Wield the weapons of Antichrist (2X)  
Destroy ideologies of excrement

Hail Blasphemy Geared for battle  
This call to arms wrath and war  
Victory or death is on the march  
Antichrist allegiance the only law

Annihilation vae victis

Like a sun drenched black with angel's blood  
My hate burns fierce and proud  
My heart and kind seek retribution  
And the sight of human vermin crucified
