

## Saints Of Blasphemy

Angel Corpse

Masturbating nun's choir sour and stained  
Strains of hymns and bymens ablaze  
Dammation Discharged from vessels unsung  
The suffocating reels of heavenly cunts  
Habits befouled puritanical  
Salvation libation gasping for air  
Speaking in tongues the body of Christ  
Communion servicing on their knees

Belvet walled vagina  
Swallows rood and rosary  
The word made flesh  
Pounds frenzied in rectum divine

Impales mons venus devoured crucifix  
Golden fluids streaming into profaned pyr  
The three in one trinity ityphallic bost  
Fellatio insatiable in greedy throats  
Elilepsia feverish caterchismal sodomy  
Crimson tears awakened forsaken enjoyed  
Sulphurous flames shudder on bare breasts  
The kingdom of heaven in every orifice

Belvet walled vagina  
Swallows rood and rosary  
The word made flesh  
Pounds frenzied in rectum divine  
Baptism by ejaculation  
Blood and offal flow free  
Bolutuuous supplication  
Saints of Blasphemy

Predating  
Black wolf six thrice  
Malefacting  
Gloria in excelsis  
Formicating  
Destilence arise  
Coagulating  
Gloria in excelsis

Filth faith disease both rot their flesh  
Condeemed to writhe in wretchedness  
Stench of salvation delerium obsessed  
Funereal paeon and noisomeness.....
