

## Got This Evil

Angel Dust

Light a candle for redemption  
Ridiculous you are  
Blame the demons  
Blame the fire for atrocity

Wise man's words of revelation  
Stuck inside your minds  
Destination Arian-nation  
Hate is what you are

I am the pain you suffer  
I am the hope you feel  
I am eternal fire - for you believe  
I've got this evil - got this evilness

Salem's burning, crosses turning  
Burn in desire's name  
Light a candle for redemption  
Ridiculous you are

[repeat chorus]
