

# Look What You've Done

Angel Haze

Kinda wanna talk about myself today  
We'll call this shit honesty hour  
Yeah, alright

It's like mid '91 and I'm her growing pains  
And she saying  
"You should change, you don't have to go that way"  
But then you walk out and you do you  
And you telling her that you knew  
You would do something that day  
Even though, I was on my way  
And it hurts me 'cause you knew that  
You took the pistol, you pulled back  
Didn't think that nigga would of fought back  
Didn't think one shot could of caused that  
And I hate you, I hope you know this shit  
Tears wanna fall, lemme hold that shit  
Get what you give when you sold that shit  
Can't really understand how we go that quick  
I used to pray that God would give you a second chance  
You know, maybe then you would be a better man  
But, you dream until you realize  
Everything runs, especially the tears cry  
Even after all of the years I, probably never know what  
it feels like  
Damn, and you don't know what I've been through  
If Hell is where they sent you  
Then dare I say, that I've been too  
And maybe we were together for a moment  
Even though I never really shown it  
Every cut hurts so much more  
When there ain't nothing to put on it  
And boy you should of seen my mom  
Got hurt, but she did a damn good job  
I was one of the smartest in my class  
Dad, I worked so damn hard  
And I got through it all  
Even when they hurt and raped me  
But I can't let go of the thought that  
You probably could have saved me

But I got it (I got it)  
(Yeah)  
'Cause pain hurts but it heals too  
And after all this shit that I've been through  
I got it (I got it)  
(Yeah)

Look what you've done  
Look what you've done  
Look what you've done for me  
(Ooh, yeah yeah)  
When life's hard, it means something  
You get through, you gon' be something  
You got it (you got it)  
(Yeah)  
Look what you've done

Look what you've done  
Look what you've done for me

It's like '06, 6: 30 in the early A  
My mom wakes me and my brother  
And says that we're going away  
And then my stomach tightens  
My heart drops, then I start to shake  
And we pack up and before long we were on our way  
And I, just keep remember thinking  
Why the fuck do we gotta keep leaving?  
Why does everybody wanna fucking hurt us?  
Someone give me a good reason  
Then I looked to the left and seen those tears on my  
mother's face  
And I thought somewhere inside  
She was just wishing herself to another place  
And we ain't have no where to go  
So they put us in a shelter  
Seemed like no matter where we looked  
Nobody could really help us  
And we ain't have no food  
Nothing in my stomach for like 30 something nights  
Never saw it coming, I got perfect fucking sight  
My mother cried on her knees like every fucking night  
And nothing really hurts like that  
You ever feel like dirt like that?  
Did you ever lose your worth like that?  
Then you don't know the hurt I got  
And you don't know the work you got  
That's what my mom would always say  
When the devil try to bring you down  
God would send all these ways  
How did she have all that faith?  
I swear I would of given up on it  
But even after all that pain  
She was still there, on her knees, calling  
And I don't really get that  
I was never fully with that  
But everytime she called on God  
He was always quick to get back like

You got it  
(Yeah)  
'Cause pain hurts but it heals too  
And after all this shit that I've been through  
I got it (I got it)  
(Yeah)

Look what you've done  
Look what you've done  
Look what you've done for me  
(Oooh, yeah yeah)  
When life's hard, it means something  
You get through, you gon' be something  
You got it (you got it)  
(Yeah)  
Look what you've done  
Look what you've done  
Look what you've done for me

(Uh, yeah)  
You knew that I was gon' be something

You stressed out and you need something  
I got you  
And when life's hard, it means something  
You go through, you gon' be something  
You got it

It's 20 11, I'm crazier than I ever been  
And I still get blessed, yeah blessed, like I never sin  
And I think I feel good about myself again  
It just get hard sometimes, when you feel like you  
never win  
I know, boo hoo, sad story  
Young and addicted to that glory  
Never thought that love could hurt me  
I never predicted that it could be that gory  
But I still give my all  
Yeah I still give my all  
Till the sky becomes the sea  
Till everything in heaven calls  
Gotta stay strong  
I gotta let down my guard  
Gotta let them see my truth  
Gotta let them see my scars  
Yeah, look what they've done  
Look what they've done  
What I've become (hey)
