

# Feed Your Ego

Angel Taylor

Did you know you confuse me?  
Send me on two different trains  
You say it's the right destination  
But I look my tickets ain't the same

Oh, one's leading straight to your heart  
The other has me falling apart  
And I need some clarifications  
And I need love's rotation

And you're making me scream  
You got me on repeat

I need you to make up your mind  
Stop wasting time  
Love's only here for a while  
Make up your mind  
Am I your rhyme?

'Cause this is the last time  
I feed your ego  
I'm not feeding your ego

You put me in a state of infatuation  
When you smile at me and  
The saddest part you know exactly what I'll say  
Boy, you keep doing it that way

You're making me scream  
You got me on repeat

I need you to make up your mind  
Stop wasting time  
Love's only here for a while  
Make up your mind  
Am I your rhyme?

'Cause this is the last time  
I feed your ego  
I'm not feeding your ego

You got me on repeat

Make up your mind  
Stop wasting time  
Love's only here for a while  
Make up your mind  
Am I your rhyme?

'Cause this is the last time

Make up your mind  
Oh, make up your mind  
Love's only here for a while  
Make up your mind

This is the last time

Oh, the last time  
I feed your ego  
I'm not feeding your ego
