Oh Holy Night

Oh holy night the stars are brightly shining It is the night of my dear saviours birth Long lay the world in sin and error pining Till he appeared and the soul felt its worth A thrill of hope the weary soul rejoices For yonder breaks a new and glorious morn

C Fall on your knees H Oh hear the angle voices O O night divine R O night when Christ was born U O night, O holy night S O night divine

Led by the light of faith serenely beaming With glowing hearts by his cradle we stand So led by the light of a star sweetly gleaming Here came the wise men from Orient land The King of kings lay thus in lowly manger In all our trials born to be our friend

[Chorus]

Truly he taught us to love one another His law is love and his gospel is peace Chains shall he break for the slave is our brother And in his name all oppression shall cease Sweet hymns of joy in grateful chorus raise we Let all within us praise his holy name

[Chorus]
