

This Is Who I Am

Angela Ammons

So many things I've tried in my life
Been so many places
You could say I know some faces well
And so many times I've cried in the dark
With a broken promise
Tearing me apart
Days go by
You're still on my mind
And I don't know what it is
I think about that time
I wish that you were only mine

This, this is who I am
I hope you understand
That this is what I wanna do and
You, you don't think it's true
Could I believe in you

So just tell me what you wanna do
So many times I tried to be strong
So many times, when people did me wrong
If I could change the way you feel deep down in your heart
You and me, we would never be apart

Days go by, you're still on my mind
And I do know what it is
I think about that time
I wish that you were only mine and

This, this is who I am
I hope you understand
That this is what I wanna do and
You, you don't think it's true
Could I believe in you

So just tell me what you wanna do
So many times I tried to be strong
So many times, when people did me wrong
If I could change the way you feel deep down in your heart
You and me, we would never be apart

You don't know, what you might find
Everybody falls sometime
But you don't have to look around cause I feel

This is me, who are you, what am I supposed to do
This is me, who are you, what am I supposed to do
This is me, who are you, what am I supposed to do
This is me, who are you, what am I supposed to do

This, this is who I am
I hope you understand
That this is what I wanna do and
You, you don't think it's true
Could I believe in you

So just tell me what you wanna do

So many times I tried to be strong
So many times, when people did me wrong
If I could change the way you feel deep down in your heart
You and me, we would never be apart
