

# This Is Who I Am

Angela Ammons

So many things I've tried in my life  
Been so many places  
You could say I know some faces well  
And so many times I've cried in the dark  
With a broken promise  
Tearing me apart  
Days go by  
You're still on my mind  
And I don't know what it is  
I think about that time  
I wish that you were only mine

This, this is who I am  
I hope you understand  
That this is what I wanna do and  
You, you don't think it's true  
Could I believe in you

So just tell me what you wanna do  
So many times I tried to be strong  
So many times, when people did me wrong  
If I could change the way you feel deep down in your heart  
You and me, we would never be apart

Days go by, you're still on my mind  
And I do know what it is  
I think about that time  
I wish that you were only mine and

This, this is who I am  
I hope you understand  
That this is what I wanna do and  
You, you don't think it's true  
Could I believe in you

So just tell me what you wanna do  
So many times I tried to be strong  
So many times, when people did me wrong  
If I could change the way you feel deep down in your heart  
You and me, we would never be apart

You don't know, what you might find  
Everybody falls sometime  
But you don't have to look around cause I feel

This is me, who are you, what am I supposed to do  
This is me, who are you, what am I supposed to do  
This is me, who are you, what am I supposed to do  
This is me, who are you, what am I supposed to do

This, this is who I am  
I hope you understand  
That this is what I wanna do and  
You, you don't think it's true  
Could I believe in you

So just tell me what you wanna do

So many times I tried to be strong  
So many times, when people did me wrong  
If I could change the way you feel deep down in your heart  
You and me, we would never be apart
