

I Understand

Angelic Upstarts

Nineteen years old, what an age to die
Ashford is a prison where they hide or die
Richard Campbell were you mad?
Or just a bit insane?

Was it being a Rasta cause you so much pain

White nigger
Black nigger
Bleed the same

White nigger
Black nigger
Rasta boy in prison

White nigger
Black nigger
They made sure, he'd never see his twentieth year

When you're a number, you're never a name
They took away his faith, a candle without a flame
The law of animals destroy what you don't understand
