

# The Burglar

Angelic Upstarts

Out tonight John, out tonight

Out on the streets I'm watching your windows  
Lookin' for a way to get in  
Keep a lock on your television  
Or you won't be doing much viewing  
Trying your doors sliding down the drainpipes  
I come creepin' in the night  
Some people say it's not a living but even burglars gotta eat

I believe in class distinction cos I only rob the rich  
I don't come from sherwood forest it all goes in my pocket  
When policeman come a chasin' lookin' for someone to nick  
They don't have a chance to catch me cos I'm up to all their tr
