

Walkin' In Faith

Angelica

Tonight I will delight In your
word, give me sight to see
what your will is.
I hope that I'm not wrong.
Lord make me strong,
to walk from sin again and again

I'm walkin' in faith
Show you Lord
I'm strong enough to stay
I know what right and wrong is
I'm talkin' in faith
the promises You made
I mean to take.

I'll give it all that
I've got
cause I know I love you alot
can't wait to see you
I want to carry on hopin'
It's not long before You take your bride
up and away

I'm walkin' in faith

You're in my sight
and I'm aimin' for the target
loaded and ready
time's been well worth
waiting on you
I'm walkin' in faith
