

# Into The Night

Angelo Badalamenti

Now it's dark

Into the night

I cry out

I cry out your name

Into the night

I search out

I search out our love

Night so dark

Where are you?

Come back in my heart

So dark

So dark

Into the night

Shadows fall

Shadows fall so blue

I cry out

I cry out for you

Night so dark

Where are you?

Come back in my heart

So dark

So dark

So dark
