

# Into The Night

Angelo Badalamenti

Now it's dark

Into the night  
I cry out  
I cry out your name  
Into the night  
I search out  
I search out our love  
Night so dark  
Where are you?  
Come back in my heart  
So dark  
So dark

Into the night  
Shadows fall  
Shadows fall so blue  
I cry out  
I cry out for you

Night so dark  
Where are you?  
Come back in my heart  
So dark  
So dark  
So dark
