

Corruption

Angelus Apatrida

Filling massively the ballot box
Just participate
In democracy people talk
You are within your rights

The mayor steals but no one cares
Reclassifies lands
Councillors, priests, and TV stars
Everybody get a piece of cake

CORRUPTION - in your city hall
INFECTIION - of our freedom

Lets talk about the terrorists
And leave the thieves
It doesn't matter, it's not the meeting
Spanish freaks can't be sent to jail

(If) I scratch your back you must scratch mine
That's not a crime
One for you and three for me
The money of their democracy

CORRUPTION - in your city hall
INFECTIION - of our freedom

Burn your parliament! Riots are the way!
Face authority! Get the fuck out motherfucker!
