

# Alright

Angie Stone

For sake of loving I will  
Sacrifice my all and baby I'll give you  
Everything you need to put your mind at ease  
'Cause baby your love means everything  
What we got is so spring  
I don't wanna ever leave  
Without you I won't leave

It's gonna be alright  
(Everything's gonna be alright)  
Love is ok  
(It's gonna be ok)  
Baby I'm cool as long as I got you  
It's gonna be alright  
(Everything's will be alright)  
Love is ok  
(It's gonna be ok)  
We gonna be good  
Chuck it all up as just another day

Now it's been way too long for us to  
Walk away and try to undo  
Undo all the damage we created along the way  
And I really really want to  
Make it last forever don't you  
See our destiny now going few, is calling you

It's gonna be alright  
(Everything's gonna be alright)  
Love is ok  
(It's gonna be ok)  
Baby I'm cool as long as I got you  
It's gonna be alright  
(Everything's will be alright)  
Love is ok  
(It's gonna be ok)  
We gonna be good  
Chuck it all up for just another day

I've waited all my life  
For this and now  
That it's finally here  
I just don't wanna miss  
I'm willing to go that extra mile  
It might take me a while  
But I know I'm worth it

It's gonna be alright  
(Everything's gonna be alright)  
Love is ok  
(It's gonna be ok)  
Baby's cool as long as I got you  
It's gonna be alright  
(Everything's will be alright)  
Love is ok  
(It's gonna be ok)  
We gonna be good

Let's chuck it all up as another day

It's gonna be, sure it gonna alright (10x)

Love in the morning

It's already alright
