

# Baby

Angie Stone

Baby, slow down  
Baby, slow down  
Seems you're moving too fast for me  
Baby, slow down  
Seems you're moving too fast for me  
Seem to be movin' a little too fast for me

Baby, slow down  
I'm not gonna hurt you  
I understand you never been here before  
Someone has used you, making you so scared  
Allow me to make it better, oh

R: Baby, slow down  
Seems you're moving too fast for me  
Baby, slow down  
Seems you're moving too fast for me  
Seem to be movin' a little too fast for me

Baby stop runnin'  
Please let me catch you  
You're goin' through too many changes  
But don't be scared to trust a stranger  
I will assure you, there is no danger

R: (2x)

What your friends say is fine  
It don't mean a thing  
When your heart beats next to mine  
Take your time, baby slow it down  
Cause we got forever

R: (2x)

Break it down, break it down  
Uh uh

Baby  
Seems you're moving too fast  
(Seems you're moving too fast)  
Seems you're movin' too fast baby  
Seems you're movin'  
Seem to be movin a little to fast for me

Seems you're movin' (Slow down)  
Too fast for me  
Seems you're movin'  
Seem to be movin' a little too fast for me
