

Clothes Don't Make a Man

Angie Stone

Just don't want a guy if he can't tie a tie (oh no)
He'll never be my man if he can't wear the pants (that's right)
What good is that, if I can't get the shirt off his back (come on)
Now what I need with you, if I can walk in your shoes (hold up)
Head to toe, that's a good look for you
But would you be a good look for me?

(Tell me your name, not your brand)
Clothes don't make a man
(He looking good, understand)
But they don't make a man
(What about his church clothes?)
(Have you seen him in his work clothes? What about those?)
(Where are those? No, clothes they don't make a man)

Something that I need, would you roll off to sleep? (come on)
If I'm in need of help, can you tighten your belt (that's right)
)
Help me with the tax, if you're hanging your hat
Under the bed if you hittin' the spot
You can leave your shoes and socks
Head to toe, that's a good look for you
But would you be a good look for me?

(Tell me your name, not your brand)
Clothes don't make a man
(He looking good, understand)
But they don't make a man
(What about his church clothes?)
(Have you seen him in his work clothes? What about those?)
(Where are those? No, clothes they don't make a man)

What about his church clothes?
Have you seen him in his work clothes?
Ohh...ooohh...yeah
I don't need your sinning man, I don't need a pretty man
What about the fabric, any dude could be a manikin
Are you real, are you tailored to fit me for real?

(Tell me your name, not your brand)
Clothes don't make a man
(He looking good, understand)
(What about his church clothes?)
(Have you seen him in his work clothes? What about those?)
(Where are those? No, clothes they don't make a man)
