

Do What U Gotta Do

Angie Stone

Do what you gotta do, woo. Listen.

Singing about tomorrow, I'm wishing this day would past.
My problems weighing me down, but I know they will not last.
Searching for the answers, all along they've been so near.
I took a trip down in my soul and put aside all of my fears,
I said:

Go ahead now you, can make it.
Do what you gotta do, do what you gotta do, baby.
Keep your head up, you can make it.
Do what you gotta do.
Go on now, you can make it, do what you gotta do.
Go ahead now, you can make it
Do what you gotta do, do what you gotta do

No longer will I be afraid
I had step out -n-depend on faith
I wanted to give back what HE gave to me.
So, I opened up my mind, opened up my heart,
And made a brand new start
I sang from my soul, passion kept me holding on.

Go ahead now you, can make it.
Do what you gotta do, do what you gotta do.
Keep your head up, you can make it.
Do what you gotta do.
Go on now, you can make it, do what you gotta do.
You can make it, if you do what you got to do.
Do what you gotta do.

Listen.

Holler if you hear me, yeah
Tell me can you feel me, yeah.
Holler if you're with me, yeah.
If you hear what I'm saying, say, yeah!
Holler if you're with me, and tell me if you feel me.
Holler if you're with me, if you hear what I'm saying, say, yeah!

Do what you got to do.
Keep your head up, you can make it.
Do what you gotta do.
Go on now, you can make it, do what you gotta do.
Go ahead now, you can make it
Do what you gotta do, do what you gotta do.

Don't let problems in your way.
You have got to keep the faith.
You can make, if you want.

Keep your head up, you can make it.
Do what you gotta do.
Go on now, you can make it, do what you gotta do.
Go ahead now, you can make it, if you
Do what you gotta do, do what you gotta do
