

Go Back to Your Life

Angie Stone

Go on back to your life
The way it used to be before you met me
Stop holding on, baby, let it go
'Cause it ain't gonna be different
'Cause we don't want to
And you, you've got so much goin' on
And I don't want to stop you from comin' in to your own
It's been so good, so good, so good, too good
Beautiful you are, I can't take that from you
But I'm beautiful too
The sooner we get through this thing
We can be free
Go on back to your life
The way it used to be before you loved me
They do
