Sippin' on Remy Red (Remy red)  
Rememberin' what you said  
As I recall, you were ready  
Down for whatever wit me

Sippin'on Remy Red (Remy red)  
Rememberin' what you said  
As I recall, you were ready  
Down for whatever wit me

There you are a superstar  
The flyest guy at the bar  
I had to get to know you  
Had just one shot to show you

With a glance suddenly  
We made eye contact then we  
Made our way across the room  
Leading up, never too soon (You say)

Can I buy you a drink, girl?  
Yes, you can  
I'm single, do you have a man?  
I got two left feet, would you like to dance  
Shit, it ain't that deep, I'll take a chance  
Sippin' on Remy Red (Remy red)  
Rememberin' what you said  
As I recall, you were ready  
Down for whatever wit me

Take a walk, to the back  
Cuz the joint was getting packed  
Found a spot I could kiss you  
And romantically embrace you

Trying hard to be cool  
Cuz I'm really feeling you  
Slow down, take your time  
Cuz this thing is still brand new, oh

Can I buy you a drink, girl?  
Yes, you can  
I'm single, do you have a man?  
I got two left feet, would you like to dance  
Shit, it ain't that deep, I'll take a chance

Sippin' on Remy Red (Remy red)  
Rememberin' what you said  
As I recall, you were ready  
Down for whatever wit me

Now that we know each other a little better  
Think this thing we got can go a little further  
I can foresee a possibility of you and me, oh oh  
Yeah, yeah baby

Sippin' on Remy Red (Remy red)  
Rememberin' what you said  
As I recall, you were ready  
Down for whatever wit me
