

So Near So Far

Angra

Look at my face
Scars won't deny
Alone again
I start to cry
Staring at me
Too blind to see
Open arms
For all I give
For all I take
Inside of your heart
So near so far
I'm just a boy... like you
Oh! Father I pray
For your charity
Wisdom for life
Was all I needed
Was all I wanted
To share with you
You know my heart
Was not disguise
Waiting for you
So stay with me
I'm now a man! You know!
Come! Take a chance
And give it all
No harmful winds
To whisper for
Life is short, you know
We can regret
Healing wounds always help us to redress
And with you I learned to live
Come! Take a chance
And give it all
No harmful winds
To whisper for
Our time is short, you know
Must we still regret?
Healing wounds always make time to redress
And I love you more each day
