

## Stand Away

Angra

Stand away the dreaded burning life  
Will leave its mark for those with no desire  
Stand in front of the whole creation  
Face the people starved like worms  
Still I'm begging for comprehension  
From the ones who rule us all  
Is this field the dying embers soul  
All around we mourn

Oh, here they come again  
(Now they're coming more aggressive tearing down our only chances)  
The stars can't find the purple sky  
(Loneliness will find its reason treasured seeds for every season)  
Long for the day be back someday  
And the church  
(Church is selling consolation, killing Jesus for salvation)  
Don't let us die  
(Taking all in desperation, leave me now to rest in peace)  
Let me rest in peace

Away, a while  
Our smile taken from  
The hearts of broken souls

Stand away from the fire  
Destined by the fate  
Let those sinners pay how they steal  
For on the judgement day  
How they yield
