

## Steak Knife

Angry Samoans

Steak knife - there's a hole in my head  
Steak knife - you're gonna be dead  
Steak knife - it's a heavy change  
Steak knife - say goodbye to your brain

There's a hole, there's a hole in my heart  
Dick hurts, chop it apart  
Fuckin' sheep, I'm on the rag  
They got my balls in a plastic bag

I think I need a doctor - to look inside my head  
Every time I love a girl - I stab her in my bed  
I see my life - in visions crimson shape  
I see my life in hell - there's no escape

There's a hole, there's a hole in my heart  
Head hurts, chop it apart

Steak knife - there's a hole in my head  
Steak knife - you're gonna be dead  
Steak knife - it's a heavy change  
Steak knife - say goodbye to your brain
