

## A Heartbreak

Angus & Julia Stone

I met your parents, they were lying  
About falling in love  
I met your parents, they were dying  
About falling in love

Girl, you're just a child  
A heartbreak  
Girl, you're just a child  
A heartbreak

I saw your friends at the drive-in  
They were falling in love  
I met your friends, they were lying  
About falling in love

Girl, you're just a child  
A heartbreak  
Girl, you're just a child  
A heartbreak

Girl, you're just a child  
Falling in love  
Girl, you're just a child  
A heartbreak
