

I'm Yours

Angus & Julia Stone

Wait, wait on the corner
I'm coming for ya
You know things will change
Love is a mistake we made
Wasn't a price I wanted to pay

I'm Yours [4x]

Hope, oh what a funny word
Wasn't like I was expecting all this falling down
I sit by the window,
Watching the air that you breathe,
So far away

I'm Yours [4x]
