

## Little Bird

Angus & Julia Stone

Going nowhere fast today  
Got nothing in mind  
A soldier dies as I feel no pain  
Got nothing in mind

The little man sticks by his ways  
His only hand is from the clock  
And time is killed whispered these days  
The quarter star still hits the spot

Little bird took to the sky  
I watched the rain fill the rusty town  
Dreamers dream only in the mind  
The spinster lets nobody in  
Nobody in  
Nobody in

Little bird took to the sky  
I watched the rain fill the rusty town  
Dreamers dream only in the mind  
The spinster lets nobody in  
Nobody in  
Nobody in  
Nobody in  
Nobody in
