

## When Giants Collide

Angus

If Thor's hammer is high above the rest  
All the Gods are shivering they know there'll be a test  
The flying monsters with Gorgon as their leader  
Are leading to destruction Eros is fighting either  
A giant collision is like Damocles his sword  
They're fussing and fighting just for fun when they get bored  
When Giants collide the lightning is flashing  
And wrathful Gods swords are clashing  
A giant collision is like Damocles his sword  
They're fussing and fighting just for fun when they get bored  
If Thor's hammer is high above the rest  
All the Gods are shivering they know there'll be a test  
When giants collide the lightning is flashing  
And wrathful Gods swords are clashing
