

See See See See

Ani DiFranco

Baby if you like
What you see see see see
Then make me feel nice
And baby tell me, tell me
Tell me with your eyes
Tell me in the glance of a hand
Let me know I still can
Make you feel like a man
Wipe away my worries
My list of things to do
There's flies in the kitchen
And I'm still in love with you
Yes I'm still in love with you

Tell me some more
Of who you were before we met
Tell me a dream
That you may or may have not had yet
For understanding I will wait patiently
And if I can't unchain you
I'll hold you till you're free
Cuz I'm still in love with you

Baby if you like
What you see see see see
Then make me feel nice
And baby tell me, tell me
Tell me with your eyes
Tell me in a glance of a hand
Let me know I still can
Make you feel like a man
Wipe away my worries
My list of things to do
There's flies in the kitchen
And I'm still in love with you
Yes I'm still in love with you
