

# Telepathic

Ani DiFranco

I'll just be going along  
Lookin through my eyes  
Through my eyes

Then I'll go inside of someone  
And I'll look through their eyes  
Through their eyes  
They might be behind a counter  
They might be filled with disdain  
Goin' behind the eyes of the people  
Is a dangerous game, it's a dangerous game  
Goin' behind the eyes of the people  
Is a dangerous game

We live in a world full of longing  
We I've in a world full of fear  
So many sheep in wolf's clothing  
Hidin' behind a wall of sneer

I wish I wasn't telepathic  
I wish I was lost in a dream  
I gotta stop paying attention  
Just keep takin' hits for the team

I'll just be going along  
Lookin through my eyes  
Through my eyes  
Then I'll go inside of someone  
And I'll look through their eyes  
Through their eyes  
They might be behind a counter  
They might be filled with disdain  
Goin' behind the eyes of the people  
Is a dangerous game, it's a dangerous game  
Goin' behind the eyes of the people  
Is a dangerous game
