

Satanation

Anima Damnata

Together we stand over false majesty of Nazarene
Born to kill christianity's weed from the womb of Earth
We summon old powers to begin the christiancide
Final victory of infernal horde of Satan

We are! - Satanation!
We are! - Satanation!

We are! - Satanation!
We are! - Satanation!

Light of our Lord will show us the way
Through sin and bestiality to moral freedom
Christian chains must burn in fire of the one truth...
Which we bring to a glory of our Master

Unholy Vengeance
Unleashed wrath
Pandemonic tortures
For Christ's herd

Christian salvation won't reach us
Because of luciferian pride and rebel
Which gave us the power
We want to be a tool in hands of master of darkness and submit
his orders...

Unholy Vengeance
Unleashed wrath
Pandemonic tortures
For Christ's herd.
