Shadow Of Despair

Anima Damnata

Shadow of despair

Lord of death and hate - Eat my flesh King of fallen kingdoms - Drink my blood Master of perverted dreams - Take my soul Lord of death and hate - Kill, kill, kill

I see shadows of my dreams, bloody shapes of blasphemy

Come to me, come to me, father - of the morbid priests
Rise your sword, crush the stone, father - of the burning stars

Hear the mourning cry of earth Sound of slowly comming death Feel the wrath of Serpent's Lord Burn the holy book of god

Shadow of despair

Soul is rotting soul is dead, poisoned blood - boils in veins Lord of death and hate - Eat my flesh Gods of thunder, full of hate, desecrate the - holy graves Lord of death and hate - Kill, kill, kill.
