

Dog of height in the trees  
Won't you come down doggy  
Such a sweet doggy  
I brought you your dinner  
My doggy I miss you kissing from my  
I remember when I first got you doggy

But you lay there so still doggy  
You lay there  
So still

Dog who fell to the ground  
Twisted your neck doggy  
Don't look right doggy  
The bet came with sutures  
He said Dave  
Hay the doctor cannot save you dog

But I remember when I first got you dog

You lay there so still dog  
You lay there so still

Dog of depth in the dirt  
They buried you deep doggy  
You're the best doggy  
My friend has a doggy  
She's real nice dog  
I wish you could chase her round my yard

I remember when I first got you dog

But you lay there so still doggy  
You lay there so still
