

We Tigers

Animal Collective

May I bang with this?

I'm like this... and you're like this (4x)

We tigers We tigers Woop!

Hey kids let's pick up sticks
let's make out the sounds of our own,
All dogs invited if everything feels wrong then we need a little
bangin' goin on.
1-2-3 arms for the trees
self seekers vomiting doubts,
I changed all your words but my poltergeist concurs that words
aren't even necessary right now.

But I'm a noisy singer, singing out at a dinner: dinners are much
stranger now.

Everybody's lovin', Everybody's lovin' (5x)

Tigers tigers tigers tigers tigers tigers
Ohh... Ahh...
Katydid, a katydid
Ohh... Ahh...
Ogres ogres ogres ogres ogres ogres...
Ohh... Ahh.... (5x)

I've felt worse
I feel the curse of knowing what I shouldn't be, (I like it)
I don't know where we'll go but lets walk around and pretend we
're everything we see,
Kiss for a kiss, love change for chips, rules; but I thought you
and I,
Remember the young duck you crashed at my apartment you kept me
up and made me smile.

Now I'm a noisy singer, singing out at a dinner: dinners are much
stranger now.

Everybody's lovin', Everybody's lovin' (5x)

Tigers tigers tigers tigers tigers tigers
Tigers tigers tigers tigers tigers tigers
Tigers tigers tigers tigers tigers tigers
Tigers tigers tigers tigers tigers tigers
Tigers!
