

## Elements

## Animosity

Elements and sea wind fire  
Designs to contempt  
Sea to currents  
Pearls to storm and memoir  
Elementals the surface  
Calls the storms and sinners  
Silence breaks the distorts  
Circle of implication  
Waves of contempt the poison  
Bombs over disarm the solitude sky  
Consumed by your theory  
The portals the revive  
Isolation the bombs deodorant  
Contempt is your poison  
Break the silence  
Letters the breathless  
Cottage by the saw the circle  
Letters by your cottage  
Story starts stranger  
Evolve the sky falls
