

# I Can't Sleep

Anita Baker

When I'm all alone and I hear your voice  
No other man can make me feel the way you do  
I can't describe this feeling inside  
I can't sleep at night ooh  
Home is where you belong  
That's what I tell myself when you're gone  
Every night I say a prayer hopes you make it there  
Anyone alone like me, I'm certain they'd agree  
'Cause I can't sleep at night

Loneliness is my biggest fear  
I wish the feeling would disappear  
I can't sleep at night  
Coldness is creepin' in  
Need to feel your warmth again  
I can't sleep at night no

Holding you so very close  
That's what I need the most  
And it's your job to go around and  
Share your gifts from town to town  
I hope I'm not misunderstood  
The man that treats me so good  
But I can't sleep at night  
When I pick up this phone  
And I hear your voice telling me  
You cannot wait until you're home  
I can't describe this feeling inside  
I can't sleep at night 'cause

I need you to hold you in my arms  
Honey how can I be strong  
'Cause I can't sleep at night  
I need a love I need your thrills  
I'm sick and tired of taking pills  
'Cause I can't sleep at night

Ooh holding you so very close  
That's what I need the most  
And I know it's your job to go around  
Share your gifts from town to town  
Anyone's who's alone like me  
I'm sure they'd agree  
'Cause I can't sleep at night  
Sick of holding my pillow tight  
(lots of ad libs)
