

Talk to Me

Anita Baker

Ooh, baby, baby, baby

You stand all alone on your own
Please come inside from the storm
Stand where it's warm, I can see you're in need
Baby, please talk to me now

Swear nothin' is wrong, you're so strong
Baby don't hold this inside
Relax your pride let it go, set it free
My baby, talk to me now

What's wrong, wrong with you?
Why don't you tell me what you're going through, darlin'?
What's wrong, wrong with you?
Why don't you tell me what you're going through?
I can help you if you let me baby, yes I can

I understand, here's my hand
Why stand alone in the dark open up your heart
Let this go, set it free
Now my baby, talk to me now

What's wrong, wrong with you?
Why don't you tell me what you're going through, darlin'?
What's wrong, wrong with you?
Why don't you tell me what you're going through?
I can help you if you let me baby, yes I can

I understand
That you're only one man
So much you can't take, baby
Yes, I understand that you've only got two hands

Stare into space
I see shadows of pain across your face
You avoid my advice
You avoid my embrace baby

What's wrong, wrong with you?
Why don't you tell me what you're going through?
What's wrong, wrong with you?
Why don't you tell me what you're going through?

I won't tell a single soul
My my my baby, yeah, yeah
You got to hang on to, we got to talk about it
No doubt about it let it go, set it free, baby

I'd like to listen, I'd like to listen baby
Tell me, tell me everythin', baby baby
I will understand, I will understand, I promise baby
Tell me now, tell me, tell me, oh

I believe, hey, hey, baby
Talk about it baby, talk to me
Don't you hold nothin' in baby

Don't you hold it babe

Ain't no reason

Ain't no reason in the world for you to do this baby

Not like this ain't no reason

Ain't no reason, reason in the world
