

One Of Those Days

Anita Cochran

Don't want to go to the movies
Or spend the day in the park
I don't want no one to call me
I just want to be alone with my heart
And think of the way that you held me
The touch of your lips on my face
Surround myself in your memory

It's just one of those days
I want to lay in my sorrow
I want to drown in my tears
Don't want to think of tomorrow
Until these thoughts disappear
Then I'll be back on my feet again
Before it's too late
As for now I want to be alone
It's just one of those days
It's just one of those days

I want to think about Texas
Driving the coast of Malibu
Wherever my minds wants to take us
I don't care long as I'm there with you
Why do I put myself through this when
Most of the time I'm okay
But here and now I can feel it

Then I'll be back on my feet again
Before it's too late
As for now I want to be alone
It's just one of those days
It's just one of those days
It's one of those days
