

# What If I Said

Anita Cochran

We've been friends for a long long time  
You tell me your secrets and I tell you mine  
She's left you all alone and you feel like no one cares  
But I have never failed you I've always been there

You tell your story it sounds a bit like mine  
It's the same old situation it happens every time  
Can't we see oh maybe you and me  
Is what's meant to be  
Or do we disagree

What if I told you (what if I said)  
That I loved you  
How would you feel  
What would you think  
What would we do  
Do we dare cross that line  
Between your heart and mine  
Or would I lose a friend  
Or find a love that would never end  
What if I said

She doesn't love you  
Oh it's plain to see  
I can read between the lines of what your telling me  
And he doesn't hold you the way a woman should be held  
How long can I go on keeping these feelings to myself

What if I told you -(what if I said)  
That I loved you  
How would you feel  
What would you think  
What would we do  
Do we dare cross that line  
Between your heart and mine  
Or would I lose a friend  
Or find a love that would never end  
What if I said

Oh we've both had our share of loneliness  
So who's to say we can't have a little happiness  
And if I found that in you  
It would make my dreams come true  
Or would you walk away  
Hear what I have to say

What if I told you -(what if I said)  
That I loved you  
How would you feel  
What would you think  
What would we do  
Oh do we dare cross that line  
Between your heart and mine  
I've always wondered  
From that day that we met  
What if I said

What if I said  
Oh  
What if I said
